No. 696/25-20.

Sir,

In continuation of my letter No. 666 dated the 27th April 1920, I have the honor to submit the following report on the administration of Jails and Lock-ups in the State during the calendar year 1919.

DIVISIONS:-

2. In accordance with the instructions issued by Government in para 13 of their order No. G. 5716-39/ Pris 72-18-4 dated 4th September 1919 this report is divided into three parts Viz. Part I - dealing with two Jails at Bangalore and Mysore Part II dealing with the Lock-ups and Part III containing observations on the general administration of the Department; instead of the old divisions Viz. I Judicial, II Financial and III Vital.

3. INSPECTOR-GENERAL OF PRISONS.

I was in charge of the Department - thorugh-out the year.

4. CLASSES OF JAILS.

The number of Jails and Look-ups remained the same as in previous years and they are as given under :-

1 Central Jail at Bangalore.
1 District Jail at Mysore.
6 District Look-ups at the head-quarter towns of Districts except at Bangalore and Mysore.
1 Special Look-up at the Kolar-Gold fields.
71 Taluk Look-ups at the head-quarts towns of Taluks and Sub-Taluks.

PART I JAILS AT BANGALORE AND MYSORE.

5. BUILDINGS AND ACCOMMODATION.

As stated in my previous reports, the buildings of the Central Jail at Bangalor are very old and dilapidated. The project of constructing a new Central Jail away from the City Municipal limits, in a modern up-to-date style is engaging my attention for the past few years.

The Chief Engineer in Mysore who has been requested to send up necessary plans and estimates, has not yet done so, - though repeatedly reminded in the matter. The project will be duly submitted to - Government for orders on receipt of the same in my office.

6. The buildings of the Jail at Mysore, though old, are kept in good state of repairs. The construction of Guard-room was not begun and finished during the - year under report as reported.

The accommodation for under-trial prison ers is found insufficient at times in this Jail owing to the large number of admissions of prisoners of that class. Improvements to the under-trail Ward for providing increased accommodation and other improvements suggested by the - Superintendent are to be attended to in the course of the current year.

7. ADMISSIONS AND DISCHARGES.

The following table shows particulars regarding all classes of prisoners admi* ted and discharged in the two Jails - during the year under report.

11. RELEASES.

The number of convicts released from the two Jails during the year was 1955

of whom:-

9 were transferred to the Central Jail at Vellore in the Madras Presidency,

88 were released on appeal,

1369 on expiration of sentence,

233 on remission rules,

1 was surrendered to the British authorities for trial,

1 escaped,

1 executed,

11 died and

282 were released on special orders of Government in connection with the Signature of Peace and the Birth of a Son to His Highness the Yuvaraja of Mysore.

There remained a balance of 794 convicts at the close of the year. The daily average number of convicts being 794.

15. LENGTH OF SENTENCE.

Out of 1865 convicts that were admitted into Jails more than ½ of the number i. e., 1587 convicts were short-termers not exceeding one year's sentence 235 had sentences from one year to five years 12 had sentences more than five years 17 had transportation for life and 14 sentenced to suffer death.

16. NATURE OF SENTENCE.

Classified according to the nature of sentence:-

156 or 8·36 per cent had been sentenced to simple imprisonment,
1613 or 90·78 per cent had been sentenced to Rigorous Imprisonment,
9 or ·48 per cent had been sentenced to rigorous imprisonment with solitary Confinement,
7 or ·38 per cent had been sentenced to rigorous imprisonment with whipping.

17. NATURE OF OFFENCES.

As in previous years theft including theft in a building and by servants out numbered all other causes of imprisonment and the next comes under Special Local and Municipal Laws.

18. RECOMMITTALS/ HABITUALS AND JUVENILE OFFENDERS.

Out of the total number of convicts admitted into the two Jails 345 had been previously convicted of which 14 were females. The admissions among juveniles were 36 during the year under report of whom 6 were recommittals.

19. ESCAPES AND RECAPTURES.

One convict was re-captured during the year, of those who had escaped during the previous ten years and a convict of the Bangalore Central Jail escaped during the year while working at the Palace - Grounds; and this man is still at large.

20. OFFENCES AND PUNISHMENTS.

The number of offences recorded in the two Jails was 252 against 287 in the previous year. All the offences were - dealt with by the Superintendents of Jails themselves under the authority vested in them by the Prisons Act of 1870. Of the offences tried by them 21 or 8·33 per - cent were met with corporal punishments against 34 or 11·84 per cent in 1918.

21. CONVICT OFFICERS.

Among the daily average number of

17

794 convicts 89 or 11·21 per cent were employed as Prison officers in the two Jails during the year under report against 104 or 12·61 per cent of the daily average number in 1918.

22. REMISSION SYSTEM.

The number of convicts released under remission rules contained in Chapter XX of the Mysore Jail Manual was 233 against 179 in the previous year. The maximum remission gained in days was 1940(including the Special remissions) by a life-term convict of the Bangalore Central Jail. Similarly the maximum amount of gratuity earned by another life-term convict of the same Jail was Rs. 46-8-0. The average gratuity earned by convicts released was Rs. 3-8-1 during the year under report against Rs. 3-0-5 in the year 1918. The benefit of granting remissions is being well appreciated by all convicts, and consequently prison offence have been on the decrease. As observed by Government in para 7 of their order No. G. 3716-39/ Pris. 72-18-4 dated 4th September 1919, the practice of mustering prisoners and explaining to them the benefits of the Remission Rules is being enforced in both the Jails.

23. UNDER-TRIAL PRISONERS.

There remained in the two Jails at the beginning of the year 133 prisoners of this class.

Now

New admissions numbered 1156 making a total of 1339. Of these:-

68 were released on bail,
94 were discharged and acquitted by Magistrates,
572 were convicted and sentenced,
104 were transferred,

leaving a balance of 151, at the close of the year. The number of admissions of under-trails were on the increase - during the year under report chiefly due to the centralization of Magistracy.

24. CIVIL PRISONERS.

The number of civil prisoners in the two Jails at the commencement of the year was 11; 143 were admitted during the year and 145 discharged, leaving a balance of 9 prisoners at the end of the year. The daily average number of this class of prisoners was 9.

25. GROSS EXPENDITURE.

Excluding the outlay on repairs to buildings the gross expenditure of the year in the two Jails was Rs. 101778-5-5, against Rs. 81922-8-3, i. e., Rs.22855-13-2 in excess of the expenditure of the previous year. Out of this amount, the head " Dietary charges of prisoners " is responsible for an increase of Rs. 21461-9-0, due to the very high cost at which articles of ration were purchased during the year under report, and also to the issue of rice instead of ragi for about six months in the Mysore Jail on account of scarcity of ragi at that place.

ESTABLISHMENT CHARGES also show an increase during the year due to the payment of Grain Compensation and Temporary Local allowances to Government servants and also to the entertainment of an additional temporary clerk in the Mysore Jail, on Rs. 20/- per mensem to sort records.

Excess under the head " Charges for moving prisoners " is due to the large number of prisoners having been released from the Jails in the month of July 1919, in connection with the signature of Peace and the Birth of a Son to His Highness the Yuvaraja of Mysore. The amount of expenditure under " Travelling Allowances in the two Jails was more in the year under report consequent on the deputation of the Superintendent, Bangalore Central Jail as well as the Prison Probationer to visit certain Jails in the Madras Presidency in connection with the improvement of industries in the State Jails.

The increase under other heads may be chiefly attributed to abnormal prices of articles at which they were obtained for use in the Jails. On account of this unavoidable increase of expenditure, the cost per head in the Jails rose from Rs. 91-3-0 in 1918, to Rs. 113-3-5 during the year under report.

6. EMPLOYMENT of CONVICTS.

Among

Among the daily average number of 794 convicts 748 or 94·21 per cent were avail-able for work, the rest being either - convicts under-going simple imprisonment sick and convalescent or infirm or those that could not be employed for other - reasons. Of the convicts available for work 39 or 11·89 per cent were employed as prison officers 104 or 13·90 per cent as prison servants and 506 or 67·64 per cent on manufactures.

27. CASH EARNINGS.

The result of employment of convicts was that a sum of Rs. 13868-0-9 was realized as revenue against Rs. 10698-6-7 during the year 1918.

The average cash earnings per head of working convicts fell from Rs. 26-12-4 to Rs. 18-8-8 in the year under report. This decrease is mainly due to the high prices at which raw-materials required for manufactures had to be bought and consequent less sales effected in the manufacture department of the two Jails.

28. NET COST OF PRISONERS.

The gross cost of maintenance of prisoners in the two Jails amounted to Rs. 104778-5-5 as mentioned in para 25. From this the total cash earnings i. e., Rs. 13868-0-9 is deducted, the net cost of maintenance comes up to Rs. 90910-4-8 or Rs. 23-5-10 per head against a net cost of Rs. 65734-1-7 or 19-3-3 per head in the year 1918.

This

This increase is due to the reasons tated in paras 25 and 27 supra.

39. INDUSTRIES IN THE TWO JAILS.

The subject of improving the industries now carried on in the two Jails, and maintaining them in a satisfactory condition, so as to be remunerative to Government and instructive to convicts employed upon them, is engaging the attention of Government for the last few years. For this purpose the Superintendent of the Bangalore Central Jail was recently deputed to visit the Jails at Vellore, Salem and Coimbatore in the Madras Presidency to study the manufactures carried on in those Jails.

The proposals submitted by him together with those regarding the Revision of Establishment of Work-Instructors corresponding orders of Government.

The stoppage of extra-mural employment of convicts is one of the necessary and important items of work to be considered of without which any improvement cannot be satisfactorily carried out.

PART II.

LOCK - UPS.

30. Lock-ups in the State are of two classes, Viz., those that have separate guarding Establishments of their own and those that are manned by Police Agency. The six District Lock-ups at the head - quarter towns of Districts of Kolar, Tumkur Hassan, Shimoga, Kadur and Chitaldrug together

together with the Special Lock-up at Champion - Reefs, Kolar-Gold-Fields come under the former category and all the other 71 Taluk Lock-ups at the head quarter towns of each Taluk and Sub Taluk come under the latter head.

31. The admissions of all classes of prisoners to the District Lock-up at - Shimoga having largely increased during the year under report on account of the separation of Executive and Judicial - functions of Taluk Magistrates, proposals for an increased Establishment were - submitted to Government and their sanction obtained for employing temporary warders to guard the extra number of - prisoners. The Revision of pay of Warder Establishments of District Lock-ups and the Special Lock-up at Kolar Gold Fields sanctioned in Government Order No.3233-4 Pris. 30-18-3 dated the 13th August 1919 was brought into effect during the year under report; which it is hoped will - attract better men to take up appointments in the warder cadre of Lock-up Establishments.

32. The dual control of the latter class of Lock-ups by the Police and the Prisons Departments is not salutary in its effect. The recent orders of Government regarding the separation of Judicial and Executive functions of Amildars and consequent concentration of large number of prisoners at places where -

Special

Special Magistrates Courts are Established and also in consideration of the Representation of People's Assembly to divest the Police of the Lock-up duties, the location of Lock-ups with separate establishments of their own at places where Special - Magistrate's Courts are opened and on the abolition of such Taluk Lock-ups where the Arillers are not exercising magisterial powers are becoming necessary.

33. The table given hereunder shows the number of all classes of prisoners admitted and discharged in the Lock-ups of the - State during the calendar year 1919.

Out of the total number of deaths among convicts 5 died within 6 months after admission into Jails, 1 died within one year, 3 within 2 years, 1 within 3 years, 1 within 7 years and 3 above seven years.

58. ACCOMMODATION.

There was no over-crowding in the Bangalore Central Jail; but in the Mysore Jail the accommodation provided for under trial prisoners was found insufficient when large number of prisoners of that class were admitted during the year and they had to be confined for some time in the Wards intended for convicted prisoners. In some of the Taluk Lock-ups such as Kolhargal, Goribidnur, Nidagiri, Koratagere, Thirthahalli, Sagar and Sakleshpur &c., there is not sufficient

sufficient accommodation for separating convicted and under-trial prisoners when there are both males and females of those classes.

CONDITION OF CONVICTS DISCHARGED.

59. The total number of convicts discharged during the year was 3695 against 3333 in 1918. Of these 2010 convicts who were discharged from Lock-ups were not even weighed as the system of weighment is not in force in Lock-ups. Out of the remaining 1855 convicts who were released from the Jails 1063 had gained weight 366 had lost weight and the remaining 426 had neither gained nor lost it.(Vide Statement B.).

DRAINAGE AND CONSERVANCY.

60. There was no change in any of the Jails or Lock-ups of the State in the arrangements for drainage and conservancy

61. DIET.

Articles of diet as prescribed in the Jail and Lock-up Manuals are issued to prisoners confined in Jails and Lock-ups of the State. But in the Jail at - Mysore and in the District Lock-up at - Shimoga rice instead of ragi was issued for about six months during the year under report, as sufficient quantity of ragi not being available in those Stations. In procuring the articles of diet the tender system was followed which was costlier

on account of high prices of food grains at which they had to be contracted for.

WATER SUPPLY.

62. In the two Jails the water required for the use of prisoners is obtained from pipe connections of the water - supply Department and it was wholesome, and unfailing throughout the year except in some parts of the Bangalore Central Jail, such as Female Prison rear gate Etc. The water required for the use of prisoners confined in all the Lock-ups is obtained from wells situated in or near the - compounds of the respective Lock-ups except in places where there is pipe system such as Kolar, Chickmagalur, Chitaldrug and Harihar.

CLOTHING AND BEDDING.

63. Clothing and bedding were issued to prisoners according to seasonal requirements and rules in force.

RELIGIOUS AND MORAL INSTRUCTIONS IN JAILS.

64. The arrangements made for giving religious and moral instructions to convicts in the two Jails has worked satisfactorily during the year. The prisoners who were able to read were allowed books in their leisure hours.

INSPECTION OF JAILS AND LOCK-UPS.

65. I inspected in detail the Central Jail at Bangalore and the District Jail

t

at Mysore once during the year under report and visited the Mysore Jail four times in addition to the detailed inspection. 6 District Lock-ups, 1 Special Lock-up and 30 Taluk Lock-ups were also inspected by me once in detail in accordance with Government Order No. 43 E.A.G. dated 29th January 1916. The District Lock-ups at Kolar and Shimoga, the Special Lock-up at Kolar Gold Fields and the Taluk Lock-ups of Closepet, Nelamangala and Holalkere were inspected twice in the year. The District Magistrates inspected 38 Lock-ups and all these were inspected only once except Shimoga, Manjarabad, Pelur.

OFFICIAL AND NON-OFFICIAL VISITORS.

66. During the year under report the two non-official visitors appointed by Government to the Mysore Jail visited the Institution twice, but those appointed to Bangalore Central Jail did not pay any visits during the year under report.

67. The only official visitors that paid visits to Jails and Lock-ups during the year were the Sanitary Commissioner and the Sessions Judge of Shimoga Division. The former visited the District Jail at Mysore and the District Lock-ups at Tumkur, Hassan and Shimoga; and the latter visited once the District Lock-up at Shimoga.

68. The most important events of the year were the special releases on the 16th and

and 20th of July 1919 on account of - Signature of Peace and the Birth of a Son to His Highness the Yuvaraja of Mysore. Some of the prisoners who had completed half of their sentence and who were of good conduct and behaviour were released from the Jails and Lock-ups, and those that remained were granted special remissions of sentences.

69. The following are some of the important subjects of the Department on which some correspondence was carried on with Government during the year under report and which have to be attended to very early.

(1) Construction of a new Central Jail at Bangalore.
(2) Establishment of a Reformatory in the State for juvenile offenders.
(3) Improvement of Manufactures in the two Jails.
(4) Revision of Establishments of the Department.

WARDER FORCE.

70. The question of increasing substantially the scale of pay of Jail - Warders has not yet been taken up by - Government. The District Lock-up Establishments have had their scale of pay revised by Government in the month of August 1919. The proposals submitted by me, for the revision of the remaining Establishments, with my letter No. 1708/130-19 dated 19th August 1919 are once again brought to the notice of Government for early sanction.

71.

71. The Staff of my office has as usual worked satisfactorily during the year.

CONCLUDING REMARKS.

72. On the whole, the health, discipline and conduct of prisoners were good throughout the year.

I have the honor to be
Sir,
Your most obedient servant,

Inspector-General of Prisons.

1203.37 in the previous year. Out of these
13,791 were discharged leaving a prison popu-
lation of 1343 at the close of the year.

2. Government are glad to note that the
number of juvenile admissions which had risen
from 19 in 1917 to 68 in 1918 decreased to 3
during the year under report, and that the
number with previous convictions also decrea
to 6 from 11 in the preceding year. The
question of the establishment of a Reformator
for juvenile offenders in the State has been
for some time past under consideration and
Government hope to reach an early decision
after further examining the question in ce
fresh aspects now receiving attention in

British India.

3. Out of 1865 prisoners admitted into the two jails, 1587 were convicts with a term of imprisonment under one year. Government would like to impress once more upon the Magistrates the desirability of their utilising the provisions of Section 562 of the Cr. Pro. Code more largely than they have been doing at present.

4. The gross expenditure incurred in the Department during the year under report was Rs.1,56,979-2-1 against Rs.1,15,350-10-6 or Rs.117-6-11 per head of average strength - against Rs.95-13-8 per head during 1918, the increase being due to the abnormally high -- prices of articles of clothing and food stuffs prevailing during the year under review. The cash earnings of prisoners amounted to Rs. Rs.14,015-12-11 against Rs.19,772-6-7 in 1918, or an average of Rs.10-7-9 against Rs.16-6-11 in the previous year. The decrease in the cash earnings of prisoners is stated to be mainly due to the high prices at which raw materials required for manufactures had to be bought and the consequent diminution of sales in the manufacturing department of the two jails. The average net cost of maintenance of convicts in the jails was Rs.98-2-10 per head of average strength against Rs.69-3-5 in the previous year. The average net cost per head in the Lock-ups was Rs.126-11-10 as against Rs.109-9-4 during the previous year.

The Hd Quarters is not satisfactory. The Dy Insp General requested to take suitable action to increase the Cash Earnings of Prisoners

5. The expenditure incurred and the income derived, under the head "Industri

in both the jails during the year under report, amounted to Rs.24,967-9-8 and ~~Rs~~ Rs.31,839-11-1 respectively. The subject of improving the industries now carried on in the two jails and maintaining them in a ~~s~~ satisfactory condition so as to be remunerative to Government and ~~instructive~~ to convicts employed upon them is engaging the attention of Government. The Superintendent of the Bangalore Central Jail was recently deputed to visit the Jails at Vellore, Salem and Coimbatore in the Madras Presidency to study the manufactures carried on in those jails. The proposals submitted by him together with those regarding the revision of establishment of work instructors ~~s~~ are under the active consideration of Government.

6. At the beginning of the year there remained in all the Jails and Lock-ups of the State a total number of 419 under-trial prisoners. 9805 were admitted during the year, making a total of 10,224 prisoners, against 8221 in the previous year. Of these 9740 were discharged leaving a balance of 484 at the close of the year. In this connection it is to be observed that the average period of the detention of prisoners awaiting trial before Sessions Courts and ~~of those to be tried by~~ Magistrates has not been shown in the report under review. Government desire that this ~~useful~~ information ~~should~~ be furnished in future reports.

7. The health of prisoners in the Jails and Lock-ups of the State was good throughout the year. The aggregate number of prisoners

admitted into hospital fell from 844 to 617 during the year under report and the daily average number of sick decreased from 27.23 to 14.92. The number of deaths has similarly decreased from 47 in 1918 to 17 in the year under report owing perhaps to the absence of epidemic diseases.

8. The most important events of the year were the special releases on the 19th and 29th July 1919 on account of the Signature of Peace and the birth of a son to His Highness the Yuvaraja of Mysore. Altogether 290 prisoners were released in connection with these auspicious events, and those that remained in the Jails and Lock-ups were given special remissions under the rules.

9. In para 58 of the report, the Inspector General of Prisons brings to the notice of the Government the necessity for separate accommodation for under-trial prisoners in the Mysore Jail and in some of the Lock-ups of the State. He is requested to submit suitable proposals in the matter.

10. The number of convicts released under remission rules was 233 against 189 in the previous year. It is satisfactory to find that the practice of mustering prisoners and explaining to them the benefits of the Remission Rules has been adopted in the Bangalore and Mysore Jails as suggested in the previous year's review and that the benefit of the system is appreciated by all the convicts which has resulted in a fall in

in the number of prison offences.

10. With regard to religious and moral instruction, the report is silent as to the nature of the arrangements made, in consultation with the Inspector General of Education for imparting such instruction to the prisoners in a systematic manner. There is much scope for improvement in this direction and Government trust that early action will be taken in the matter.

11. Government are glad to note that the two non-official visitors appointed to the Mysore Jail visited the Jail, but they regret that none of the non-official visitors visited the Central Jail, Bangalore, and that a few only of the ex-officio visitors performed their duty in this respect. The lack of interest shown by the visitors was noticed by Government in their review of last year's Administration Report. Government desire to impress upon the visitors once more the importance of their periodical visits to the Jails and hope that they will evince greater interest in this respect than they have done in the past. The Inspector General of Prisons is requested to report, for the information of Government, the names of such of the ex-officio visitors as have failed to visit the Jails and the Lock-ups during the year under report.

13. Government are glad to note that the Inspector General of Prisons did considerable inspection work during the year under

review and that his administration of the Department has been quite satisfactory.

ANNUAL REPORT ON THE ADMINISTRATION OF JAILS AND LOCK-UPS IN MYSORE FOR THE CALENDAR YEAR 1919, WITH THE GOVERNMENT REVIEW THEREON.

No. G. 5750-63—Pris. 48-19-7, dated 11th September 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 686 -25-20, dated the 3rd May 1920, from the Inspector-General of Prisons in Mysore, submitting the Report on the Administration of Jails and Lock-ups in the State for the Calendar year 1919.

Order No. G. 5750-63—Pris. 48-19-7, dated 11th September 1920.

The year under report opened with a balance of 1,256 prisoners of all classes confined in the Jails and Lock-ups of the State and the admissions during the year numberd 13,878, giving a daily average of 1,336·71 against 1,203·37 in the previous year. Out of these 13,791 were discharged leaving a prison population of 1,343 at the close of the year.

2. Government are glad to note that the number of juvenile admissions which had risen from 19 in 1917 to 68 in 1918, decreased to 35 during the year under report, and that the number with previous convictions also decreased to 6 from 11 in the preceding year. The question of the establishment of a Reformatory for juvenile offenders in the State has been for some time past under consideration and Government hope to reach an early decision after further examining the question in certain fresh aspects now receiving attention in British India.

3. Out of 1,865 prisoners admitted into the two Jails, 1,587 were convicts with a term of imprisonment under one year. Government would like to impress once more upon the Magistrates the desirability of their utilising the provisions of Section 562 of the Criminal Procedure Code more largely than they have been doing at present.

4. The gross expenditure incurred in the department during the year under report was Rs. 1,56,979-2-1 against Rs. 1,15,350-10-6 or Rs. 117-6-11 per head of average strength against Rs. 95-13-8 per head during 1918, the increase being due to the abnormally high prices of articles of clothing and foodstuffs prevailing during the year under review. The cash earnings of prisoners amounted to Rs. 14,015-12-11 against Rs. 19,772-6-7 in 1918, or an average of Rs. 10-7-9 against Rs. 16-6-11 in the previous year. The decrease in the cash earnings of prisoners is said to be mainly due to the high prices at which raw materials required for manufactures had to be bought and the consequent diminution of sales in the manufacturing department of the two jails. The explanation however is not satisfactory. The Inspector-General of Prisons is requested to take suitable action to increase the cash earnings of prisoners. The average net cost of maintenance of convicts in the jails was Rs. 98-2-10 per head of average strength against Rs. 69-3-5 in the previous year. The average net cost per head in the Lock-ups was Rs. 126-11-10 as against Rs. 109-9-4 during the previous year.

5. The expenditure incurred and the income derived, under the head "Industries" in both the jails during the year under report amounted to Rs. 24,967-9-8 and Rs. 31,839-11-1, respectively, the corresponding figures for the year 1918 being Rs. 24,692-10-10 and Rs. 36,479-15-2. The decrease in the income is probably due to smaller output on account of the slackness of the demand. Every attempt should be made to secure an increased sale of jail goods. The subject of improving the industries now carried on in the two jails and maintaining them in a satisfactory condition so as to be remunerative to Government and of utility to convicts employed upon them is engaging the attention of Government. The Superintendent of the Bangalore Central Jail was recently deputed to visit the Jails at Vellore, Salem and Coimbatore in the Madras Presidency to study the manufactures carried on in those jails. The proposals submitted by him together with those regarding the revision of establishment of work instructors are under the active consideration of Government.

6. At the beginning of the year there remained in all the Jails and Lock-ups of the State a total number of 419 under-trial prisoners. Nine thousand and eight hundred and five were admitted during the year, making a total of 10,224 prisoners, against 8,221 in the previous year. Of these, 9,740 were discharged leaving a balance of 484 at the close of the year. In this connection it is to be observed that the average period of the detention of prisoners awaiting trial before Sessions Courts and Magistrates has not been shown in the report under review. Government desire that this information be furnished in future reports.

7. The health of prisoners in the Jails and Lock-ups of the State was good throughout the year. The aggregate number of prisoners admitted into hospital fell from 844 to 617 during the year under report and the daily average number of sick decreased from 27·23 to 14·92. The number of deaths has similarly decreased from 47 in 1918 to 17 in the year under report. Owing perhaps to the absence of epidemic diseases.

8. The most important events of the year were the special releases on the 19th and 29th July 1919 on account of the Signature of Peace and the birth of a son to His Highness the Yuvaraja of Mysore. Altogether 290 prisoners were released in connection with these auspicious events and those that remained in the Jails and Lock-ups were given special remissions under the rules.

9. In para 58 of the report, the Inspector-General of Prisons brings to the notice of the Government the necessity for separate accommodation for under-trial prisoners in the Mysore Jail and in some of the lock-ups of the State. He is requested to submit suitable proposals in the matter.

10. The number of convicts released under Remission Rules was 233 against 189 in the previous year. It is satisfactory to find that the practice of mustering prisoners and explaining to them the benefits of the Remission Rules has been adopted in the Bangalore and Mysore Jails as suggested in the previous year's review and that the benefit of the system is appreciated by all the convicts which has resulted in a fall in the number of prison offences.

11. With regard to religious and moral instruction, the report is silent as to the nature of the arrangements made, in consultation with the Inspector-General of Education, for imparting such instruction to the prisoners in a systematic manner. FROM

RAJAKARYA PRAVINA RAU BAHADUR
T. V. ARUMUGAM MUDALIAR, ESQ., M.B.,C.M.,
Inspector-General of Prisons in Mysore, Bangalore.

To

C. S. BALASUNDARAM IYER, ESQ., B.A.,
Chief Secretary to the Government of H. H. the Maharaja of Mysore, Bangalore.

SIR,

In continuation of my letter No. 666, dated the 27th April 1920, I have the honor to submit the following report on the administration of Jails and Lock-ups in the State during the calendar year 1919.

2. *Divisions.*—In accordance with the instructions issued by Government in para 13 of their Order No. G. 5716-29—Pris. 72-18-4, dated 4th September 1919, this report is divided into three parts, *viz.*, Part I dealing with two Jails at Bangalore and Mysore, Part II dealing with the Lock-ups and Part III containing observations on the general administration of the Department; instead of the old divisions, *viz.*, I. Judicial, II. Financial and III. Vital.

3. *Inspector-General of Prisons.*—I was in charge of the Department throughout the year.

4. *Classes of Jails.*—The number of Jails and Lock-ups remained the same as in previous years and they are as given under:—

1 Central Jail at Bangalore.
1 District Jail at Mysore.
6 District Lock-ups at the headquarter towns of districts except at Bangalore and Mysore.
1 Special Lock-up at the Kolar Gold Fields.
71 Taluk Lock-ups at the headquarter towns of taluks and sub-taluks.

PART I.—JAILS AT BANGALORE AND MYSORE.

5. *Buildings and Accommodation.*—As stated in my previous reports, the buildings of the Central Jail at Bangalore are very old and dilapidated. The project of constructing a new Central Jail away from the City Municipal limits, in a modern up-to-date style is engaging my attention for the past few years.

The Chief Engineer in Mysore who has been requested to send up necessary plans and estimates, has not yet done so, though repeatedly reminded in the matter. The project will be duly submitted to Government for orders on receipt of the same in my office.

6. The buildings of the Jail at Mysore, though old, are kept in a good state of repairs. The construction of Guard-room was not begun and finished during the year under report as expected.

The accommodation for under-trial prisoners is found insufficient at times in this Jail owing to the large number of admissions of prisoners of that class. Improvements to the under-trial Ward for providing increased accommodation and other improvements suggested by the Superintendent are to be attended to in the course of the current year.

7. *Admissions and Discharges.*—The following table shows particulars regarding all classes of prisoners admitted and discharged in the two Jails during the year under report:—

	Convicts		Under-trials		Civil		Totals

9. *Religion.*—Classified according to religion 62 or 3·32 per cent were Christians, 242 or 12·98 per cent were Mahomadans, 1,558 or 83·54 per cent were Hindus and 3 or ·16 were Buddhists and Jains.

10. *Age.*—According to age the number of convicts under 15 years of age was 43 or 2·31 per cent, between 16 and 40, 1,434 or 76·89 per cent, between 40 and 60 years 360 or 19·30 per cent and above 60 years 28 or 1·50 per cent.

12. *Previous occupation.*—Out of the total number of convicts admitted to the two Jails during the year 1,781 were males among whom:—

Per cent

81 or 4·55 were Government or Municipal servants.
102 or 5·73 were professional persons.
101 or 5·67 were persons in personal service.
690 or 38·74 were Agriculturists.
127 or 7·13 were persons engaged in Commerce and Trade.
40 or 2·25 persons employed in Arts and Manufactures.
640 or 35·93 were miscellaneous persons not classed otherwise.

13. *Civil condition of females.*—Out of 84 females admitted there were 30 or 35·72 per cent married women, 12 or 14·29 per cent unmarried, 39 or 46·42 per cent widows and 3 or 3·57 per cent prostitutes.

14. *Releases.*—The number of convicts released from the two Jails during the year was 1,855 of whom:—

9 were transferred to the Central Jail at Vellore in the Madras Presidency,
88 were released on appeal,
1,289 on expiration of sentence,
233 on remission rules,
1 was surrendered to the British authorities for trial,
1 escaped,
1 executed,
11 died and
222 were released on special orders of Government in connection with the Signature of Peace and the Birth of a Son to His Highness the Yuvaraja of Mysore.

There remained a balance of 794 convicts at the close of the year. The daily average number of convicts being 794.

15. *Length of sentences.*—Out of 1,865 convicts that were admitted into Jails more than ¾th of the number, *i.e.*, 1,587 convicts were short-termers not exceeding one year's sentence, 235 had sentences from one year to five years, 12 had sentences more than five years, 17 had transportation for life and 14 sentenced to suffer death.

16. *Nature of sentence.*—Classified according to the nature of sentence:—

156 or 8·36 per cent had been sentenced to simple imprisonment,
1,693 or 90·78 per cent had been sentenced to rigorous imprisonment,
9 or ·48 per cent had been sentenced to rigorous imprisonment with solitary confinement,
7 or ·38 per cent had been sentenced to rigorous imprisonment with whipping.

17. *Nature of offences.*—As in previous years theft including theft in a building and by servants out numbered all other causes of imprisonment and the next comes under Special Local and Municipal Laws.

18. *Recommittals, habituals and juvenile offenders.*—Out of the total number of convicts admitted into the two Jails 345 had been previously convicted of which 14 were females. The admissions among juveniles were 36 during the year under report of whom 6 were recommittals.

19. *Escapes and recaptures.*—One convict was recaptured during the year, of those who had escaped during the previous ten years and a convict of the Bangalore Central Jail escaped during the year while working at the Palace grounds; and this man is still at large.

20. *Offences and punishments.*—The number of offences recorded in the two Jails was 352 against 287 in the previous year. All the offences were dealt with by the Superintendents of Jails themselves under the authority vested in them by the Prisons Act of 1870. Of the offences tried by them 21 or 8·33 per cent were met with corporal punishments against 34 or 11·84 per cent in 1918.

21. *Convict Officers.*—Among the daily average number of 794 convicts 89 or 11·21 per cent were employed as Prison officers in the two Jails during the year under report against 104 or 12·61 per cent of the daily average number in 1918.

22. *Remission system.*—The number of convicts released under remission rules contained in Chapter XX of the Mysore Jail Manual was 233 against 189 in the previous year. The maximum remission gained in days was 1,940 (including the special remissions) by a life-term convict of the Bangalore Central Jail. Similarly the maximum amount of gratuity earned by another life-term convict of the same Jail was Rs. 46-8-0. The average gratuity earned by convicts released was Rs. 3-2-1, during the year under report against Rs. 3-0-5 in the year 1918. The benefit of granting remission is being well appreciated by all convicts, and consequently prison offences have been on the decrease. As observed by Government in para 7 of their Order No. G. 5716-29—Pris. 72-18-4, dated 4th September 1919, the practice of mustering prisoners and explaining to them the benefits of the Remission Rules is being enforced in both the Jails.

23. *Under-Trial Prisoners.*—There remained in the two Jails at the beginning of the year 133 prisoners of this class.

New admissions numbered 1,256 making a total of 1,389. Of these:—

68 were released on bail,
494 were discharged and acquitted by Magistrates,
572 were convicted and sentenced,
104 were transferred,

leaving a balance of 151, at the close of the year. The number of admissions of under-trials were on the increase during the year under report chiefly due to the centralization of Magistracy.

24. *Civil Prisoners.*—The number of civil prisoners in the two Jails at the commencement of the year was 11; 143 were admitted during the year and 145 discharged, leaving a balance of 9 prisoners at the end of the year. The daily average number of this class of prisoners was 9.

25. *Gross Expenditure.*—Excluding the outlay on repairs to buildings the gross expenditure of the year in the two Jails was Rs. 1,04,778-5-5, against Rs. 81,922-8-2, *i.e.*, Rs. 22,855-13-3 in excess of the expenditure of the previous year. Out of this amount the head "Dietary charges of prisoners" is responsible for an increase of Rs. 21,461-9-0 due to the very high cost at which articles of ration were purchased during the year under report, and also to the issue of rice instead of ragi for about six months in the Mysore Jail on account of scarcity of ragi at that place.

Establishment Charges.—Also show an increase during the year due to the payment of Grain Compensation and Temporary Local allowance to Government servants and also to the entertainment of an additional temporary clerk in the Mysore Jail, on Rs. 20 per mensem to sort records.

Excess under the head "Charges for moving prisoners" is due to the large number of prisoners having been released from the Jails in the month of July 1919, in connection with the Signature of Peace and the Birth of a Son to His Highness the Yuvaraja of Mysore. The amount of expenditure under "Travelling Allowances" in the two Jails was more in the year under report consequent on the deputation of the Superintendent, Bangalore Central Jail as well as the Prison Probationer to visit certain Jails in the Madras Presidency in connection with the improvement of industries in the State Jails.

The increase under other heads may be chiefly attributed to abnormal prices of articles at which they were obtained for use in the Jails. On account of this unavoidable increase of expenditure, the cost per head in the Jails rose from Rs. 91-2-0 in 1918, to Rs. 113-2-5 during the year under report.

26. *Employment of Convicts.*—Among the daily average number of 794 convicts 748 or 94·21 per cent were available for work, the rest being either convicts under-going simple imprisonment, sick and convalescent or infirm or those that could not be employed for other reasons. Of the convicts available for work 89 or 11·89 per cent were employed as prison officers, 104 or 13·90 per cent as prison servants and 206 or 27·54 per cent on manufactures.

27. *Cash Earnings.*—The result of employment of convicts was that a sum of Rs. 13,868-0-9 was realized as revenue against Rs. 19,698-6-7 during the year 1918.

The average cash earnings per head of working convicts fell from Rs. 26-12-10 to Rs. 18-8-8 in the year under report. This decrease is mainly due to the high prices at which raw-materials required for manufactures had to be bought and consequent less sales effected in the manufacture department of the two Jails.

28. *Net cost of Prisoners.*—The gross cost of maintenance of prisoners in the two Jails amounted to Rs. 1,04,778-5-5 as mentioned in para 25. From this the total cash earnings, *i.e.*, Rs. 13,868-0-9 is deducted, the net cost of maintenance comes up to Rs. 90,910-4-8 or Rs. 98-2-10 per head against a net cost of Rs. 62,224-1-7 or 69-3-5 per head in the year 1918.

This increase is due to the reasons stated in paras 25 and 27 *supra.*

29. *Industries in the two Jails.*—The subject of improving the industries now carried on in the two Jails, and maintaining them in a satisfactory condition, so as to be remunerative to Government and instructive to convicts employed upon them, is engaging the attention of Government for the last few years. For this purpose the Superintendent of the Bangalore Central Jail was recently deputed to visit the Jails at Vellore, Salem and Coimbatore in the Madras Presidency to study the manufactures carried on in those Jails.

The proposals submitted by him together with those regarding the Revision of Establishment of Work-Instructors are pending orders of Government.

The stoppage of extra-mural employment of convicts is one of the necessary and important items of work to be considered without which any improvement cannot be satisfactorily carried out.

PART II.

30. *Lock-ups.*—Lock-ups in the State are of two classes, *viz.*, those that have separate guarding Establishments of their own and those that are guarded by Police Agency. The six District Lock-ups at the headquarter towns of districts of Kolar, Tumkur, Hassan, Shimoga, Kadur, and Chitaldrug together with the Special Lock-ups at Champion Reefs, Kolar-Gold-Fields come under the former category and all the other 71 Taluk Lock-ups at the headquarter towns of each taluk and sub-taluk come under the latter head.

31. The admissions of all classes of prisoners to the District Lock-up at Shimoga having largely increased during the year under report on account of the separation of Executive and Judicial functions of Taluk Magistrates, proposals for an increased Establishment were submitted to Government and their sanction obtained for employing

temporary warders to guard the extra number of prisoners. The Revision of pay of Warder Establishments of District Lock-ups and the Special Lock-up at Kolar Gold Fields sanctioned in Government Order No. 3233-4—Pris. 20-18-2, dated the 13th August 1919 was brought into effect during the year under report; which it is hoped will attract better men to take up appointments in the warder cadre of Lock-up Establishments.

32. The dual control of the latter class of Lock-ups by the Police and the Prisons Departments is not salutary in its effect. The recent orders of Government regarding the separation of Judicial and Executive functions of Amildars and consequent concentration of large number of prisoners at places where Special Magistrates' Courts are established and also in consideration of the representation of People's Assembly to divest the Police of the Lock-up duties, the location of Lock-ups with separate establishments of their own at places where Special Magistrates' Courts are opened and the abolition of such Taluk Lock-ups where the Amildars are not exercising magisterial powers are becoming necessary.

33. The table given hereunder shows the number of all classes of prisoners, admitted and discharged in the Lock-ups of the State during the calendar year 1919.

	Convicts		Under-trials		Civil		Total

The excess expenditure under "Establishment Charges" is due to revised scale of pay sanctioned by Government with effect from 1st July 1919 and also to the grant of Grain Compensation and Local Allowances to the members of the Establishment.

46. *Dieting Charges.*—This head also shows an increase in all the Lock-ups of the State due to the causes already mentioned in para 25 of the report. Consequently as in the case of the two Jails, the cost per head in the Lock-ups rose to Rs. 127-1-7, from Rs. 109-13-3 in the year 1918.

50. The Central Jail at Bangalore was in charge of Dr. A. K. Pani for about two months in the year, *i. e.*, from 1st January to 3rd March 1919 and on his appointment as Officiating Sanitary Commissioner, Mr. Mahomed Obeidulla was appointed to the place and continues to be the Superintendent of that Institution.

51. Mr. Subba Rao who was in charge of the District Jail at Mysore was transferred as District Medical Officer of Shimoga on 14th February 1919 and was relieved of the Jail duties by Dr. C. A. Nanjappa who held the appointment till 9th April 1919 on which date he was relieved by Mr. C. Rajagopal Mudaliar who continues to be the Superintendent and Medical Officer of that Jail.

52. The health of prisoners in the Jails and Lock-ups of the State was good throughout the year. The total number of deaths among all classes of prisoners being only 17 against 45 in the year previous. Out of 17 deaths 12 were convicts and 5 were under-trial prisoners.

53. There were 9 deaths among convicts in the Bangalore Central Jail, 2 in the Mysore Jail and 1 in the Taluk Lock-up at Tarikere due to the folldwing causes :—

2 were due to diarrhœa,
2 due to tubercle of the lungs, etc.,

There were 2 deaths in the Mysore Jail due to :—

1 due to diarrhœa,
1 due to digestive disorder.

There was 1 death in the Taluk Lock-up at Tarikere which was due to cardiac failure.

54. The percentage of deaths among convicts when compared with the average strength will work out thus :—

	Average No. of Prisoners	Deaths Per cent.
Bangalore Central Jail	671	1·33
Mysore Jail	123	1·62
District Lock-ups and Taluk Lock-ups	71·53	1·39

55. There was 1 death of under-trial prisoner in each of the following District Lock-ups, *viz.*; Bangalore, Mysore, Hassan, Shimoga and Chitaldrug.

56. *Mortality among convicts according to length of original sentence.*—Of the 12 deaths among convicts 3 occurred among those whose sentence did not exceed 6 months, 1 among those who were undergoing a sentence not exceeding 1 year, 2 among those whose sentence did not exceed 3 years, 2 among those whose sentence did not exceed 7 years and 4 among those whose sentence was above 7 years.

57. *Mortality according to the length of time passed in Jail.*—Out of the total number of deaths among convicts 5 died within 6 months after admission into Jails, 1 died within 1 year, 2 within 2 years, 1 within 3 years, 1 within 7 years and 2 above 7 years.

58. *Accommodation.*—There was no over-crowding in the Bangalore Central Jail; but in the Mysore Jail the accommodation provided for under-trial prisoners was found insufficient when large number of prisoners of that class were admitted during the year and they had to be confined for some time in the Wards intended for convicted prisoners. In some of the Taluk Lock-ups such as Mulbagal, Goribidnur, Maddagiri, Koratagere, Tirthahalli, Sagar and Saklespur, etc., there is not sufficient accommodation for separating convicted and under-trial prisoners when there are both males and females of those classes.

59. *Condition of convicts discharged.*—The total number of convicts discharged during the year was 3,895 against 2,939 in 1918. Of these 2,040 convicts who were discharged from Lock-ups were not weighed as the system of weighment is not in force in Lock-ups. Out of the remaining 1,855 convicts who were released from the Jails, 1,063 had gained weight, 366 had lost weight and the remaining 426 had neither gained nor lost it. (*Vide* Statement B.)

60. *Drainage and conservancy.*—There was no change in any of the Jails or Lock-ups of the State in the arrangements for drainage and conservancy.

61. *Diet.*—Articles of diet as prescribed in the Jail and Lock-up Manuals are issued to prisoners confined in Jails and Lock-ups of the State. But in the Jail at Mysore and in the District Lock-up at Shimoga rice instead of ragi was issued for about six months during the year under report, as sufficient quantity of ragi not being available in those stations. In procuring the articles of diet the tender system was followed which was costlier on account of high prices of food grains at which they had to be contracted for.

62. *Water-supply.*—In the two Jails the water required for the use of prisoners is obtained from pipe connections of the Water-Supply Department and it was wholesome, and unfailing throughout the year except in some parts of the Bangalore Central Jail, such as Female Prison, rear gate, etc. The water required for the use of prisoners confined in all the Lock-ups is obtained from wells situated in or near the compounds of the respective Lock-ups except in places where there is pipe system such as Kolar, Chikmagalur, Chitaldrug and Harihar.

63. *Clothing and Bedding*—Clothing and bedding were issued to prisoners according to seasonal requirements and rules in force.

64. *Religious and Moral Instructions in Jails.*—The arrangements made for giving religious and moral instructions to convicts in the two Jails has worked satisfactorily during the year. The prisoners who were able to read were allowed books in their leisure hours.

65. *Inspection of Jails and Lock-ups.*—I inspected in detail the Cental Jail at Bangalore and the District Jail at Mysore once during the year under report and visited the Mysore Jail four-times in addition to the detailed inspection. 6 District Lock-ups, 1 Special Lock-up and 30 Taluk Lock-ups were also inspected by me once in detail in accordance with Government Order No. 43—E. A. G., dated 29th January 1916. The District Lock-ups at Kolar and Shimoga, the Special Lock-up at Kolar Gold Fields and the Taluk Lock-ups of Closepet, Nelamangala and Holalkere were inspected twice in the year. The District Magistrates inspected 38 Lock-ups and all these were inspected only once except Shimoga, Manjarabad and Belur.

66. *Official and non-official visitors.*—During the year under report the two non-official visitors appointed by Government to the Mysore Jail visited that Institution twice, but those appointed to Bangalore Central Jail did not pay any visits during the year under report.

67. The only official visitors that paid visits to Jails and Lock-ups during the year were the Sanitary Commissioner and the Sessions Judge of Shimoga Division. The former visited the District Jail at Mysore and the District Lock-ups at Tumkur, Hassan and Shimoga, and the latter visited once the District Lock-up at Shimoga.

68. The most important events of the year were the special releases on the 19th and 29th of July 1919 on account of Signature of Peace and the Birth of a Son to His Highness the Yuvaraja of Mysore. Some of the prisoners who had completed half of their sentence and who were of good conduct and behaviour were released from the Jails and Lock-ups, and those that remained were granted special remissions of sentences.

69. The following are some of the important subjects of the Department on which some correspondence was carried on with Government during the year under report and which have to be attended to very early.

(1) Construction of a new Central Jail at Bangalore.
(2) Establishment of a Reformatory in the State for juvenile offenders.
(3) Improvement of Manufactures in the two Jails.
(4) Revision of Establishments of the Department.

70. *Warder Force.*—The question of increasing substantially the scale of pay of Jail Warders has not yet been taken up by Government. The District Lock-up Establishments have had their scale of pay revised by Government in the month of August 1919. The proposals submitted by me, for the revision of the remaining Establishments, with my letter No. 1708—130-19, dated 18th August 1919, are once again brought to the notice of Government for early sanction.

71. The Staff of my office has as usual worked satisfactorily during the year.

72. *Concluding Remarks.*—On the whole, the health, discipline and conduct of prisoners were good throughout the year.

I have the honour to be

Sir,

Your most obedient servant,

T. V. ARUMUGAM MUDALIAR,

Inspector-General of Prisons.
